

Disbursements

Beaufort County Community College Students are eligible for financial aid disbursements based upon the actual start dates of their courses rather than the start date of each term. Only the courses for which the student has attended will be included in the initial disbursement. Enrollment status are reviewed prior to each financial aid disbursement and changes to enrollment may impact awards. The disbursement will be equivalent to the amount remaining on the student's financial aid account after deduction of tuition, fees, and bookstore purchases. Disbursements will be released in accordance with the anticipated disbursement schedule. Please note that students completing their financial aid application after July 1, these dates may not apply.
