

SUMMER ENRICHMENT YOUTH PROGRAM

BEAUFORT
COUNTY COMMUNITY COLLEGE

BEAUFORT COUNTY

Hunter Safety (12 years old and up)

Thanks to the NC Wildlife Resources Commission and Officer Trent Parrish for offering this course on our campus. We are pleased to help young hunters learn to be safe and responsible. During the day Officer Parrish will explain firearm safety, hunting ethics, conservation and wildlife management, wildlife identification, survival and first aid, specialty hunting, and tree stand safety. Completers will be eligible to purchase their first hunting license. Lunch hour is 12:00 PM to 1:00 PM. Students are welcome to bring their favorite grown-up to participate also. While this class is free, registration is required.

9:00 am - 4:00 pm Mon. June 20 Free 6 hrs 42031 B 8 Auditorium

Boater Safety (12 years old and up)

Officer Trent Parrish of the NC Wildlife Resources Commission returns to guide young boaters to safe and sound operation of watercraft. Take to the water knowing basic boating safety, equipment, rules of the road, weather, and good boating etiquette. The Boating Guide for North Carolina will be Officer Parrish's text. And completers will have satisfied the safety training requirement for boaters younger than 26. Lunch is 12:00 PM to 1:00 PM. Students are welcome to bring their favorite grown-up to participate. This class is free, but registration is required.

9:00 am - 4:00 pm Mon. June 27 Free 6 hrs 42032 B 8 Auditorium

Drone Camp (rising 6th, 7th, and 8th grades)

Learn to fly a drone! You will be issued a drone kit and learn about the parts of a drone and how to safely handle it. You will learn about aviation history, and how hot air balloons, fixed wing airplanes and drones fly. And finally, you will fly a drone using a Smartphone as the remote controller and learn how to code the drone to fly by itself. We will spend four days on BCCC's campus, and we'll use the auditorium for drone flying inside, and weather permitting, we will also fly outside. On Friday we will take a field trip to Inner Banks STEM Center in Washington, NC. There we will experience flying both a Desktop Flight Training Device and a full motion airplane flight simulator, and other cool activities. This class is made possible by the Inner Banks Stem Center.

9:00 am - 12:00 pm Mon.-Thurs. June 27 - June 30 \$100 18 hrs 42033 B 10-12
9:00 am - 3:00 pm Fri. July 1 Inner Banks Stem Center

Baby Sitting (rising 4th grade and up)

If you are ready to take responsibility for young children, then this camp is for you. Jessica Mann, the leader of BCCC's Early Childhood Education Program, will share important basics for baby sitters. Learn aspects of care giving, safety concerns, communication with kids and parents, activity ideas, household and food management, and even some business basics. Class participants will achieve an American Heart Association CPR certification.

9:00 am - 12:00 pm Mon.-Thurs. June 27 - June 30 \$100 12 hrs 42034 B 11-25

Things With Wings (1st grade to rising 4th)

Don't you wish you could fly just like birds and butterflies? Come to this camp to learn more about Bluebirds, Butterflies, Bees, and even Chickens! Each day we will learn about a thing with wings, and we'll create a related art or craft project to carry home. We'll also explore the BCCC campus to discover our subjects. This is learning fun at its best.

9:00 am - 12:00 pm Mon.-Thurs. June 27 - June 30 \$100 12 hrs 42035 B 8-826

It's Your Money! (rising 6th grade and up)

Whether you are working part time as a high school student or full time as a graduate, it's important to know how to manage your money. Really, you want to keep as much of it as possible! So, join this class and learn how to budget, how to not overextend yourself financially, and how to keep some of that hard-earned pay. After this class you will feel better prepared to enter the world of work.

9:00 am - 12:00 pm Mon.-Thurs. June 27 - June 30 \$70 12 hrs 42036 B 8-829

SUMMER ENRICHMENT YOUTH PROGRAM BEAUFORT COUNTY

CSI: BoCo (rising 5th grade to 7th grade)

A crime has been committed. The scene is waiting for young detectives to investigate, gather evidence, and record observations. Investigator Wesley Waters of the Beaufort County Sheriff's Office will lead us as we employ scientific methods of investigation and interrogation. We will test for finger prints, blood, and other evidence. We will properly manage the crime scene and assemble the evidence for presentation. We will solve this case!

9:00 am - 12:00 pm Mon.-Tues. July 11 & 12 \$45 6 hrs 42037 B 8-826

Makeup, Hair, and Nails (rising 6th grade to rising 9th grade)

Join Kim Moulden, BCCC's Lead Instructor of Cosmetology, to get great advice for teen aesthetics. Keep your skin clear and fresh by using proper hygiene. Learn the right makeup skills to enhance your best features. Explore hair styling basics for busy teens, and learn the best way to apply nail polish and keep healthy nails. Each student will receive a lipstick applicator, and eye shadow applicator, mascara applicator, makeup sponge, and a hairbrush. We've got plenty of supplies for in class practice, and students may bring their own makeup and hair tools.

5:30 pm - 8:30 pm Tues. & Thurs. July 12 & Jul 14 \$60 6 hrs 42046 B 11-0002

Remote-Control Car (rising 4th grade and up)

Develop important technology, assembly, and workplace skills (like following procedures) in this class. But do these things while you are just plain having fun. On day one we will assemble a very nice remote-control car. We'll be careful to fine tune all of our assembly. On day two we will take our cars and make them go! Who can go the fastest? Who can control with the most precision? And afterwards, students will take home their own remote-control car to enjoy. Join this class and show your stuff. We like it so much we're having it twice!

9:00 am - 12:00 pm Mon. - Tues. July 11 & 12 \$80 6 hrs 42038 B 4-107
9:00 am - 12:00 pm Mon. - Tues. July 18 & 19 \$80 6 hrs 42039 B 4-107

Emergency Medical Services/CPR (rising 6th grade and up)

The leaders of BCCC's EMS program will introduce you to our ambulance and our EMT Simulation Lab for a two-day training. Students will learn and practice the skills needed to be Emergency Medical Technicians and Paramedics in the very setting where they would work. On the second day participants will achieve a Red Cross First Aid/CPR certification.

9:00 am - 12:00 pm Wed. - Thurs. July 13 & 14 \$50 6 hrs 42040 B 15-1501

Piano Camp (rising 5th grade to rising 9th grade)

Spend four mornings uncovering musical talent. We have the keyboards for learning simple tunes that will lead to the pleasure of making music. Playing Twinkle Twinkle Little Star gives a feeling of satisfaction and accomplishment. Students may discover a desire to continue musical training after this experience.

10:00 am - 11:30 am Mon. - Thurs. July 11 - July 14 \$60 6 hrs 42041 B 8-829

Play a Ukulele (rising 4th grade to rising 8th grade)

Young musicians adapt easily to the smaller size of a ukulele's frets, and the sound of a uke is so appealing. This workshop is a fun way to start learning about playing stringed instruments. We have the ukuleles, you bring the talent! On Thursday we will enjoy a concert by our participants. By the way, studying music is a great way to sharpen manual and cognitive skills. Why not stay on campus for our Chess Camp? It follows this class each day.

9:00 am - 10:00 am Mon. - Thurs. July 18 - July 21 \$40 4 hrs 42043 B 3-127

SCHOLARSHIPS ARE AVAILABLE FOR SUMMER ENRICHMENT YOUTH PROGRAMS!

SUMMER ENRICHMENT YOUTH PROGRAM BEAUFORT COUNTY

Programming Basics for Gaming and Web Design (rising 5th grade and above)

Using Massachusetts Institute of Technology open-source programming guides, we will approach the basics of coding for building games. Learn how to be next writer of something big like Fortnite or Minecraft! The coding skills we explore will also help us explore website development.

3D MODELING & PRINTING

CHESS, THE QUEENS GAMBIT

3-D Modeling and Printing (rising 6th grade and up)

3-D Printing has many manufacturing, scientific, and medical applications. In BCCC's design and manufacturing lab we have several types of 3-D printers. Students will use computers to create three dimensional renderings of an object. They will employ geometric constraints and extrusions to complete the plan. Finally, they will set up and run a 3-D printer to create that object. It sounds so complex, but it is really fun. We will be making several objects. Students will carry home the objects they create, including a light sabre! All supplies are included.

NEW CHEFS, NEW FLAVORS YOUTH PROGRAM

Rising 6th through rising 9th grade

Aspiring chefs have an opportunity to learn safe kitchen skills while creating delicious food. We will focus on techniques and recipes that can be made at home to the delight of the whole family. Participants will help prepare all the food in our Frances Morgan Roberson Culinary Lab, and we will make enough to serve those good folks who come to drive the students home. All supplies are included, and participants will enjoy exploring new foods and flavors.

Cream Puffs and Savory Gougers (rising 6th grade through rising 9th grade)

Young chefs will learn to make Pate a Choux and how to create sweet and savory treats for their friends. We'll make cream puffs, ice cream sandwiches, and delicious cheese gougers. It will be a fine night for tasty baking.

5:30 pm - 8:30 pm Tues. June 28 \$50 3 hrs 42050 B 8 830

Ice Cream (rising 6th grade through rising 9th grade)

A hot July night deserves homemade ice cream with Chef Scott Clark. We'll build a base custard and churn vanilla, chocolate, and mint chocolate chip ice creams. We'll also make fresh fruit sauces to serve over our ice creams. We'll finish class with an ice cream social.

5:30 pm - 8:30 pm Tues. July 12 \$50 3 hrs 42051 B 8 830

Casseroles (rising 6th grade through rising 9th grade)

Delicious and satisfying describe the casseroles we'll be making tonight. We'll use favorite ingredients like Tater Tots, corn flakes, and Doritos in several savory casseroles that can be recreated at home. And participants will learn how to make Joe White's wonderful Brownie Pudding! We'll have some ice cream to go on top.

5:30 pm - 8:30 pm Tues. July 19 \$50 3 hrs 42052 B 8 830

Home Made Ravioli (rising 6th grade through rising 9th grade)

We are into making fresh pasta in our Culinary Lab. So, this class will focus on creating the sheets of fresh pasta. Then we will turn them into delicious ravioli. We will make at least two sauces for our ravioli. One will certainly be Marinara. And have you ever had a sweet ravioli? Here's your chance.

5:30 pm - 8:30pm Tues. July 26 \$50 3 hrs 42053 B 8 830

Dog Treats (rising 6th grade through rising 9th grade)

We want everyone in your family to eat well. In this class we will produce lots of healthy and delicious treats for Man's Best Friend. Each student will carry home several different kinds of treats for their dog to sample. With recipes in hand it will be easy to create many more. Oh, and let's make some people treats tonight too.

5:30 pm - 8:30 pm Tues. Aug 2 \$50 3 hrs 42054 B 8 830

REGISTRATION & PAYMENT

IN PERSON

You may register in person at the following location:

BCCC
Continuing Education, Building 8
5337 US 264 East
Washington, NC 27889
Monday - Thursday: 8:00am-5:00pm
Friday: 8:00am-4:00pm
(Closed Fri. during summer hours)

SUMMER ENRICHMENT YOUTH PROGRAM WASHINGTON COUNTY

FOR WASHINGTON COUNTY SCHOOLS JULY 25 TO JULY 28

We are pleased to partner with Washington County Schools to offer these programs for their students. Parents who are interested in having their Washington County Middle School students enrolled in these programs are advised to call Tamara Wrighton, Director of Career and Technical Education, at 252-793-5171.

Drone Camp

Learn to fly a drone! You will be issued a drone kit and learn about the parts of a drone and how to safely handle it. You will learn about aviation history, and how hot air balloons, fixed wing airplanes and drones fly. And finally, you will fly a drone using a Smartphone as the remote controller and learn how to code the drone to fly by itself. We will spend four days at Washington County Middle School, and we'll use their gym for drone flying inside, and weather permitting, we will also fly outside. This class is made possible by the Inner Banks Stem Center.

9:30am - 12:30 pm Mon.-Thurs. July 25 - July 28 12 hrs 42014 Washington County Middle School

Baby Sitting

If you are ready to take responsibility for young children, then this camp is for you. Sharon Cherry, leader of WCS's Early Childhood Education Program, will share important basics for baby sitters. Learn aspects of care giving, safety concerns, communication with kids and parents, activity ideas, household and food management, and even some business basics. Participants will feel confident caring for young children after this experience.

9:30 am - 12:30 pm Mon.-Thurs. July 25 - July 28 12 hrs 42016 Washington County Middle School

It's Your Money!

Whether you are working part time as a high school student or full time as a graduate, it's important to know how to manage your money. Really, you want to keep as much of it as possible! So, join this class and learn how to budget, how to not overextend yourself financially, and how to keep some of that hard-earned pay. After this class you will feel better prepared to enter the world of work.
