

Procedure 4.1508

Comprehensive Emergency Management Plan -- Prevention

This safety practice is intended as a guideline. It cannot cover every possibility. All departments and persons involved must be alert and use common sense to be sure that accidents do not occur.

The following documents are used to delineate the preventive actions designed to identify and eliminate/reduce potential emergencies:

1. General Safety Practices and Procedures
2. Hazard Communication Program
3. Maintenance Safety Procedures
4. Chemical Hygiene Plan
5. Bloodborne Pathogens/Infectious Disease Control Plan
6. Pandemic Emergency Plan
7. Asbestos Program

For further information about the above listed documents, please refer to the BCCC website on the left drop-down box and click on Handbooks, Manual, etc. and for further information or clarification on this document, please contact the Vice President, Administrative Services.
