The statement shall outline in terms as specific as circumstances permit, the options readily apparent to the President at the time, including any options that would or might involve termination of employment. The following prioritized determination criteria shall be utilized.
  - Necessity to College operations in order to maintain a sound and balanced program consistent with the purpose of the College.
  - Employee performance.
  - Relative skills, knowledge, productivity and value of employee.
  - Degrees held, where applicable.
  - Seniority, when applicable.
- If the President acts to terminate the employment of one or more employees, he/she shall give written notice of that fact by registered or certified mail, return receipt requested, to the employee(s) to be terminated. The notice shall include a statement of the conditions requiring termination, a general description of the procedures followed in making the decision, and a disclosure of pertinent financial or other data on which the decision was based, and the date of separation which shall not be less than thirty (30) calendar days after the employee receives notice of the President's action.

### **Due Process**

- Within ten (10) calendar days after receiving a notice of termination, an employee may request a review of the President's action by the Board, which may, in its discretion, refer the matter to a hearing committee appointed by the Board, charged with conducting hearings on a Reduction in Force. The hearing shall be held solely to determine whether the decision to terminate was arbitrary or capricious with respect to the individual. The request for review must be in writing and addressed to the Chair of the Board. It must specify the grounds on which it is contended that the decision was arbitrary or capricious and must include a short, plain statement of facts that the employee believes support the contention. Submission of such a request constitutes on the part of the employee (i) a representation that he/she can support his/her contention by

factual proof and (ii) an agreement that the College may offer in rebuttal of his/her contention any relevant data in its possession.

The Board shall consider the request and shall grant a hearing if it determines (i) that the request contains a bona fide contention that the decision to terminate was arbitrary or capricious and (ii) that the facts suggested the contention. A denial of the request finally confirms the decision to terminate, and the Board shall so notify the employee. If the request is granted, a hearing shall be held within ten (10) days after the request is received; the employee shall be give at least five (5) days notice of the hearing.

- The hearing shall be conducted informally and in private, with only the members of the Board or the hearing committee appointed by the Board, the employee, the President, the division deans, and such witnesses as may be called. In addition the employee and the President may each be accompanied by a person who may give council but may not participate directly in the hearing. A quorum for the purposes of the hearing shall be a simple majority of the Board's membership, unless a hearing committee is appointed. Any Board member having a conflict of interest shall disqualify himself/herself. If requested, a transcript of the proceeding shall be made and given to the employee, together with a bill for the cost if the Chair so decides. The Board or hearing committee shall consider only such evidence as is presented at the hearing that it considers fair and reliable. Witnesses may be questioned by the Board or committee members, the employee and the President. Except as otherwise provided, the conduct of the hearing shall be under the Chair's control.

The employee shall first present contentions, limited to those specified in the request for hearing and supported by such proof as he/she decides to offer. When his/her presentation concludes, the Board shall recess to determine whether the proof established the contention, unless it is rebutted. If it determines that the contention has not been established, it shall notify the parties and conclude the proceedings. This action shall finally confirm the decision to terminate. If it decides that rebuttal is desirable, it shall notify the parties and the hearing shall proceed. The President may then present such testimony or documentary proof as he/she desires to offer, including his/her testimony.

After the President completes his/her presentation, the Board or the hearing committee if so appointed, shall consider the matter in executive session. The burden shall be on the employee to satisfy the Board or hearing committee by a preponderance of the evidence that the decision to terminate was arbitrary and capricious.

- If the Board determines that the employee's contention has not been established, it shall so notify the employee and the President. Such determination finally

confirms the decision to terminate. If the Board determines that the employee's contention has been established, it shall notify him/her and the President by a written notice which includes necessary corrective action. If the hearing committee is appointed, and the committee determines that the employee's contention has been established, the committee chair shall notify the employee, the President, and the Board by a written notice including recommendation for corrective action to be taken by the Board. In all cases where a hearing committee has been appointed, the committee's decision shall be advisory to the record of evidence offered before the hearing examiner, and the employee shall not have a right to a trial de novo before the Board.

### **Obligations with Respect to Re-employment or Other Employment**

- For one year after the effective date of a termination pursuant to these provisions, the President shall not fill the vacated position without first offering the position to the terminated employee. The offer of re-employment shall be made by registered or certified mail, return receipt requested, and the employee must accept in writing within fifteen (15) calendar days. His/her failure to do so eliminates all employment rights of the employee.
- An employee who is recalled within one year of termination shall have restored to him/her all of the sick leave and unused personal leave he/she had accrued to the effective date of his/her termination.
